

POSITION DESCRIPTION

Position: Integrated Primary Mental Health and Addictions (IPMHA) - Health Improvement Practitioner
Location base: Western Bay of Plenty Primary Health Organisation
87 First Avenue
Tauranga

WBoP PHO Vision:

To be courageous leaders of compassionate, connected, trusted and innovative whanau-centred healthcare provision

WBoP PHO Values:

Whai Mana

Achieving health equity for all, particularly for Māori

Whanaungatanga

Inclusiveness and a sense of belonging.

Manaakitanga

Caring and showing respect for each other.

Mana Motuhake

Enabling people to be in control of their health and wellbeing

PURPOSE OF ROLE

The IPMHA - Health Improvement Practitioner is part of a new integrated primary mental health service across Western Bay of Plenty Primary Health Organisation (WBoP PHO) General Practices. This new service is intended to provide enhanced access and choice for patients within the general practice environment. The new integrated model of enables patients requiring primary mental health and addiction support to obtain earlier access and to move seamlessly between services (primary care, NGO and other community supports). The purpose of the role is:

To work within a general practice as a regular team member, delivering brief, consultation-based services to general practice team members and general practice patients. To provide brief evidence-based behavioural interventions to individuals, groups and families for both mental health and physical health conditions in people of all ages.

To be actively engaged with utilising an integrated 'Model of Care' that supports clients' needs and enables them to move seamlessly between services in general practice and, if needed, community based, NGOs and speciality services such as secondary mental health and addiction services.

To work with other Primary Mental Health staff, Health Coaches, Health Improvement Practitioners within Western Bay of Plenty Primary Health Organisation (WBoP PHO) to refine and improve the services delivered.
